This document provides information for Evanston-based businesses with a charitable purpose interested in applying for an E-Town Innovation grant. Businesses must meet one or more of these criteria:

- Meet a basic human need
- Provide a service not offered by local nonprofit sector (or has a demand that exceeds availability)
- Broaden workforce development pathways to living wage careers for BIPOC-identifying community members

If you are with another type of group or organization, download the E-Town Innovation grant guidelines for your type of organization at evanstonforever.org. Questions and required paperwork may differ.

**funding priorities**

We want Evanston to thrive as a vibrant, just, and inclusive community. We fund projects that:

- Create real opportunities for Black people, Indigenous people, and People of Color (BIPOC)\(^1\) to make Evanston more equitable
- Meaningfully engage BIPOC community members to identify problems and develop solutions - from program start to finish
- Encourage collaboration between organizations or groups

We fund projects that develop new ideas as well as expand or improve on existing work. Whether a project is new or ongoing, we look to support work that disrupts “how it’s always been done” and centers racial equity at its core.

---

\(^1\) ECF uses the term BIPOC to highlight the unique history of oppression and continual, systemic discrimination that Black and Indigenous people experience within a U.S. context. These systems, built on white supremacy culture, impact all People of Color. As such, ECF prioritizes organizations led by and/or centered on the voices of Black, Indigenous, Latinx, and Asian community members, and those impacted by multiple intersectional systems of oppression.
