Evanston Community Foundation

We believe in a community empowered today for a stronger tomorrow, together!

Welcome! For the board and staff of Evanston Community Foundation, this is the happiest day of our year, celebrating with you the creative and meaningful work of many organizations. Tonight, we're excited to present the recipients of just over \$800,000 in competitive and strategic grants ECF is distributing in 2016. We are lucky to have such strong partners to work jointly toward our mission of helping Evanston thrive as a just, vibrant, and inclusive community.

This evening, we are announcing a record of nearly \$312,000 in responsive grants to 29 organizations, chosen from a very strong pool of 64 proposals. These grants are made possible in large part due to our generous grantmaking partners. We could not say yes as widely and deeply to organizations without Northwestern University Dance Marathon (NUDM) and the 20 other grantmaking partners whose commitment and thoughtfulness greatly increases the pool of grant dollars available to Evanston nonprofits.

We thank our committees which help select the grantees of all our grant programs:

- *root2fruit*, a partnership with the Mammel Foundation, building organizational capacity
- Communityworks, supported by ECF's Communityworks Fund, working to ensure that every child is ready for kindergarten and every youth is ready for work
- Partners for the Future, funded by an anonymous donor, helping organizations grow major gifts
- Fundraising Service Grants, funded by an anonymous donor, mentoring organizations to build a robust development program

Overall, ECF's work is supported through our endowed funds which are designed to allow us to draw annual spending while they also grow for the future. We hope you'll continue to help us build these endowed funds so we can increase our ability to provide grants and leadership support for Evanston.

We thank our donors and funding partners for making ECF's grantmaking possible. We're grateful to be celebrating together.
